On September 20, 1978, Rule 11 was adopted, and approved by EPA into the SIP on July 6, 1982. Although this rule was subsequently amended and replaced by more current versions, these revisions were never approved by EPA into the SIP.

There was no opposition to the proposal at the May 11, 2016, public hearing. The District requests that ARB submit amended Rule 11 and Rule 66.1 to EPA for approval and inclusion into the SIP, replacing existing Rule 11 (adopted September 20, 1978, approved by EPA on July 6, 1982) and Rule 66.1 (adopted February 24, 2010, approved by EPA on August 9, 2012) in the SIP.

If there are any questions, please contact Angela M. Ortega at (858) 586-2753 or the undersigned at (858) 586-2640.
